

GLENDALE - WOODLAWN DIAGNOSTIC TEAM REVIEW

October 23, 2007

Diagnostic Team

“Diagnostic team as used in this part, means a group of knowledgeable representatives of parties of interest in a highway-rail grade crossing, organized by the public authority responsible for that crossing, who, using crossing safety management principles, evaluate conditions at a grade crossing to make determinations or recommendations for the public authority concerning safety needs at that crossing.”

Federal Register/Vol. 71, No. 159. Paragraph 222.9 Definition
